

Sunsmart Policy

At Bidwill Preschool we aim to:

- Protect children in our care from the damaging effects of the sun,
- Promote values of sun safety in children and their families.

To achieve these aims:

- Children will only be permitted to play outdoors if they are wearing closed shoes or sandals with a back strap, a protective hat and a shirt with sleeves.
- A Bidwill School hat will be provided for each child at the beginning of the school year. The hat will be kept and laundered at the preschool.
- Sunscreen will be provided at the sign-on area. Parents/carers are responsible for applying sunscreen to their child upon arrival at preschool.
- Bidwill Preschool staff will model good sun safety practices.
